DRAGON'S BLOOD EXTRACT

PREMIER DRAGON'S BLOOD EXTRACT

Dragon's Blood is a name given to the bright red sap of *Dracaena cambodiana*, or Cambodian Dragon Tree, a native of Cambodia and surrounding areas. With records dating back to around 400 AD, the therapeutic properties of this plant have long been recognized by Chinese herbalists as well as those of other world cultures.

WHY DRAGON'S BLOOD EXTRACT?

The leaves and stems of Cambodian Dragon Tree contain a high concentration flavonoids and other of phenolic compounds that exhibit strong antioxidant properties. These compounds have also been found effective in fighting various bacteria and dermatophytic fungal infections including; *Pseudomonas aeruginosa*, *Staphylococcus aureus*, *Trichophyton tonsurans*, *Trichophyton mentagrophytes*, *Trichophyton rubrum*, *Microsporum canis* and *Epidermophyton floccosum*.

Premier captures the natural protective properties of Dragon's Blood and offers them in the form of a powder. This product imparts a bright red color and is suitable for use in variety of dermatologic preparations and color cosmetics.

ACTIVITY OF DRAGON'S BLOOD EXTRACT

- ◆ Antimicrobial/Anti-fungal
- ◆ Anti-inflammatory
- ◆ Anti-viral
- ◆ Antioxidant
- ◆ Improved circulation
- ◆ Wound healing
