289-817-3

USE LEVELS

1-10%

SOLUBILITY

Oil

PRODUCT CODE

Premier#224700

PREMHAIR NATURESHEEN

PREMHAIR NATURESHEEN

PremHair Naturesheen is a blend of select plant butters and oils containing a unique combination of fatty acids. In addition, PremHair Naturesheen contains Amla Extract, an Indian fruit with a strong connection dating back to the ancient Ayurveda tradition of health and healing. When used in hair care products, this material conditions hair and scalp to lustrous, healthy hair.

WHY PREMHAIR NATURESHEEN?

PremHair Naturesheen is specially designed to enhance gloss and shine of hair. It is highly moisturizing and an excellent alternative to synthetic emollients. PremHair NatureSheen contains Amla extract, providing protective antioxidant/anti-radical effects to prevent color fading and cuticle damage. In addition, Amla is believed to improve hair growth and support the strength of hair follicles, enhancing hair strength and minimizing hair loss. Great for use in shampoos, conditioners and hot oil treatments.

ACTIVITY OF PREMHAIR NATURESHEEN

- Rich in essential fatty acids to relieve dry irritated skin and scalp
- Replenishes skin lipids
- Excellent glossing agent
- Helps protect and repair skin and hair from damaging effects of the sun
- Restores skin and hair elasticity and softness
- Provides excellent antioxidant properties for color protection and antiaging properties

PREMHAIR NATURESHEEN TYPICAL PROPERTIES

Form	Liquid at room temperature
Color	Light brown
Odor	Slight, characteristic
Iodine Value	90 - 112
